

Central New York Orienteering
Pratt's Falls Permanent Course
Pratt's Falls County Park, Pompey, NY
Grand opening -- April 1, 2022

The Central New York Orienteering Club is happy to announce the opening of our new permanent orienteering course at Pratt's Falls Park in Pompey, New York. This beautiful Onondaga County park offers scouts, youth groups, and the general public the opportunity to practice map and compass skills amidst scenic waterfalls and verdant woods. It's a great training venue for scouts in anticipation of our annual Scout-O event at Highland Forest. The course will be free and open to the public during regular park hours. Please note that the park is closed November-March. There may be a nominal charge for the map.

Skill levels: The course includes 24 control points sorted into three levels of difficulty. The eight beginner points are all within a half mile walk of the main parking lot and are located along trails and prominent features. The eight intermediate points are off trail and a bit more challenging, but still an easy walk from the parking lot. The eight advanced points will take you further afield and require better proficiency with a map and compass.

Self-serve: You will be able to download the map, clue sheet, and punch card from our website when the park opens on April 1st, 2022. Bring your friends and hit the trail! Scout groups can create their own events during the three seasons when the park is open.
